## SOLACTIS Groupe SAS finalizes a fundraising round to achieve growth objectives

Paris, October 7th, 2015

SOLACTIS Group, a company specialized in **ingredients from bioscience**, for the **human nutrition** and **animal feed materials** industries, today announces the strengthening of its capital through **a first fundraising conducted in Q3 2015**.

"We welcome this finalization, including the **entrance to the capital of a long-term investor**, which supports our **development strategy towards new growth sectors** of the food industry," said Pascal Ronfard, President of the SOLACTIS Group. "The move will also boost the company by **integrating the management**, through the new legislative framework for employee participation."

After the **acquisition to Solvay of a limited trading activity** in July 2013, Groupe SOLACTIS has shown its ability to drive **internal growth together with external operations**. Therefore, this funding comes as a logical step, in order to **accelerate the development of the company**.

The objective remains to **accelerate the growth of SOLACTIS Group** on its two markets of human nutrition and animal feed materials. and more specifically in the fields of **digestive health**, for **regulating the transit** and **immunity**. There will be **investments in more R&D**, driven towards the **identification of new active ingredients** and also towards **new health claims** (in Europe and outside Europe), as key dossiers are already in advanced steps.

### About SOLACTIS Group:

Established in 2013, SOLACTIS Group is a **supplier of ingredients from bioscience**, designed for **human nutrition** and **animal feed materials** industries. SOLACTIS Group SAS produces a non-digestible oligosaccharide, as the **first development in line with the most advanced science on gut microbiology**.

SOLACTIS SAS Group is a **winner of "INNOTECH"**, from the "Reseau Entreprendre", and has been **selected by Agoranov**, public incubator of the Ministry of Education and Research, the Mayor of Paris and the Region Ile de France.
